BECOME AN ESG TRANSITION ENABLER

Facilitate the financing of your green transition

Join Spuerkeess' Transition Enabler programme, designed to facilitate the sustainable transition of Luxembourg companies.

With the support of your advisor and our ecosystem of sustainability experts, assess the opportunities for transitioning your business and take advantage of financing facilities to make sustainability accessible to all.

This programme includes a tailored discussion with your Spuerkeess advisor to guide you through the entire Transition Enabler programme.

The aim of this programme is to:

Assess your company's ESG maturity

Identify transition opportunities for your company

Facilitate access to our ecosystem of sustainability experts

Provide visibility for companies involved in the programme

Facilitate access to financing for the transition

How to take part

1. Register to take part or contact your advisor
2. Get an invitation to your online assessment
3. Prepare your answers
4. View your results with your advisor
5. Identify your transition opportunities
6. Define your roadmap
7. Identify financing opportunities
8. Implement your company's transition plan

Testimonials from pilot customers

"The Transition Enabler self-assessment exercise gave us the opportunity to delve into previously unexplored themes such as water and biodiversity."

Paul Nathan, Manager, Poeckes

"The exercise provides real added value for the company in defining its action plan. We became aware of certain challenges for our customers and spotted new opportunities."

*Gérard Meyer, Chairman of the Sudcal Board of Directors
Marc Lauwers, Director of Sudcal*
